Dear Mrs. Manley:

We know the situation in Newark, as far as negro restaurants are concerned. The diet of an athlete is of great importance. It can only be prepared best by one having experience in the cuisin. Our chef has had ten years experience in the preparation of dietary balanced meals.

We are prepared to serve large groups, at a reasonable price. We would like the pleasure of serving your group. I am more than sure that we can come to some agreement.

Thanking you in advance for an early reply,
we are,

Yours respectfully,

Earl Adams, Proprietor
Herman Williams, Publicity
director.
